During the Year the Company has earned a net profit of 6482082/- as compared to the net profit of Rs. 46,49,667/- in the previous year.

Industry Overview for the Company

Agriculture is the primary source of livelihood for about 58 per cent of India's population. Agri exports from India is likely to reach US\$ 60 billion by 2022. In FY20 (till January 2020) agriculture exports were US\$ 28.93 billion. Also the growth in GVA in agriculture and allied sectors stood at 4 per cent in FY20. Further india is expected to achieve the ambitious goal of doubling farm income by 2020 this is all possible due to increased investment in agricultural infrastructure such as irrigation facilities, warehousing and cold storage.

During 2019-20 crop year, food grain production was estimated to reach a record 295.67 million tonnes (MT). In 2020-21, Government of India is targeting food grain production of 298 MT. Production of horticulture crops in India was estimated at a record 320.48 million metric tonnes (MMT) in FY20 as per second advance estimates. Also the investment worth Rs 8,500 crore (US\$ 1.19 billion) have been announced in India for ethanol production which is a very good sign for our industry.

The Government envisioning to up the size of the nations macro-economy to USD 5 trillion by 2024 treats agriculture sector as integral to this strategy, and the fulcrum of such a transformation. Specifically with regards to the country's agricultural economy, the Government's aim of improving the welfare of the farmers predicated upon doubling farmers' income by 2022 is moving in the right direction, in synch with the principle of harmonizing the interests of the different stakeholders. The particular demands of the consumers for wholesome nutrition and of the ecology shall be continued to be optimally blended, as the nation moves towards achieving higher incomes and sustainability from the agricultural enterprise.

India along with others on the planet has been facing the adverse impacts of climate change, particularly with reference to deviations in rainfall and temperature. Notwithstanding this, the production growth of various agricultural commodities indicates increasing resilience of the country's farmers and farming. This is evidenced by foodgrains output of 285 million tonnes in 2017-18 as against 265 million tonnes in the year 2014-15. As per the 4th Advance Estimates, the year 2018-19 is expected to close with similar output and the government is targeting an output of 291 million tonnes for the year 2019-20. During 2018-19, while kharif output saw a rise over the previous year, the rabi season output saw some dip. This was due to low soil moisture content following less than normal south-west monsoons in different parts of the country. Rabi 2019-20 can be expected to see a bountiful output thanks to more than normal rainfall from the south-west monsoon, which has yielded a happy situation of good water reservoir storage and high soil moisture content.

The overall output of agriculture inclusive of foodgrains, oilseeds, fruits & vegetables, commercial crops, dairy and other animal products as also fish can be expected to be satisfactory for the year 2019-20. Monsoon patterns continue to be an important factor for India's agriculture. However, the comforting factor is, that the year 2020 will benefit from recharged aquifers and higher soil moisture linked to the healthy rainfall 2019. Thus one can expect a good kharif harvest in 2020.

Since the last couple of years, the growth of agriculture is being perceived with greater reference to farmers' income and not production per se. In this context, the status of prices that farmer receives and the agri-logistics that conveys all the produce from the farm-gate to the markets is more critical. The recent prices for foodgrains, pulses, oilseeds and dairy products have been demonstrating some market buoyancy, which is farmer-favoring. The importance of agricultural exports in expanding the scope for marketing efficiency in favour of the farmers cannot be brushed aside. It is with this view, that government for the first time came to adopt a comprehensive agriculture export policy in the year 2018. This is being taken forward with various initiatives including promoting large number of commodity clusters. Clusterisation will facilitate global market integration by putting in place both backward and forward linkages. The year 2020 will certainly see large number of such clusters take off the ground. This buttressed by government's focus on promoting 10,000 farmer producer organizations (FPOs) by 2022 will come to see visible action on the ground. The states have begun to adopt the Model Contract Farming & Services Act 2018, and Tamil Nadu is the first one to have done so. Many states should be coming onboard in 2020, to set a positive context for marketing efficiency and price risk negotiation.

Simultaneously, rising trade sectarianism by major powers to carve out their respective zones of influence, and compromise of WTO (world trade organization) status by United States - the dominant member warrants, that India looks more closely to its domestic market in the year 2020. It will therefore, need to accelerate the pace of market transformation towards a new architecture that aims to transfer higher real prices to the farmers on their produce. The targeted on boarding of 400 more APLMCs/APMCs with eNAM, and establishing inter-operability with ReMS platform of Karnataka will see the strengthening of the 'One-nation One-market' environment. The year 2020 will also see creation of the first lot of GrAMs, progress on e-warehouse receipt system and greater flow of institutional credit on the platform of kisan credit cards (KCCs). The Ministries of Agriculture, and Animal Husbandry & Fisheries are targeting to cover all the eligible farmers including those practising animal husbandry and fisheries with KCCs.

The year 2020 in a way marks the mid-point of the targeted time schedule for doubling farmers' income (2016 to 2022). Various recommendations of the Inter-Ministerial Committee on Doubling Farmers' Income (DFI) are under implementation. In the year 2019, the NITI Aayog constituted a Committee of Chief Ministers to suggest ways for speedy transformation of India's agriculture. This Committee's Report is due in 2020, which can be expected to pave the way for unhindered implementation of various DFI recommendation including reforms. These encompass a new market architecture, contract farming & services, easing of land lease, liberalized control orders under Essential Commodities Act and so on. This will sequel into a transformed, enterprise oriented and market-led agricultural value system.

In addition to growth of agriculture production and farmer's income, the focus can be expected to shift towards correcting today's regional and commodity imbalances. In this context, more visible action can be foretold in respect of rainfed areas and low water duty crops like millets, pulses and oilseeds in the year 2020. Revision of water-shed guidelines alongwith emphasis on spring-sheds in the himalayan states will help the communities to adopt climate resilient technologies and negotiate climate change risks. This is being led by the government's special arm for rainfed areas of the country, namely National Rainfed Area Authority (NRAA). In the year 2020, NRAA should also be working more closely with the states to

drought proof already identified 151 vulnerable districts in the country. It is well advised to sharpen water budgeting as a core concept, that gels well with the nation's Jal Shakti Mission. This Mission aims to conserve water and use the scarce resource more efficiently.

Several initiatives have been taken by the Government over the last about 6 years which include the soil health card (SHC), the pradhan mantri fasal bima yojana (PMFBY), paramparagat krishi vikas yojana (PKVY), PM-AASHA, PM-KISAN and so on. One can foresee a widening of these initiatives and even higher acceptance by all stakeholders including farmers in 2020.

In leading up to realization of USD 5 trillion economy, the Government has just shared its National Infrastructure Pipeline. This pipeline amounts to Rs. 102 lakh crores of gross capital formation, that includes various components of agricultural investments, 'In' and 'For' agricultural economy, as recommended by the DFI Committee. The year 2020 will see the commencement of such investments and lay the foundation for a decadal future growth.

Nomination & Remuneration Policy of the Company
Continental Seeds and Chemical Limited
Remuneration Policy

Preamble

Section 178 of the Companies Act, 2013 and Regulation 19 of SEBI listing Regulations, 2015 provides that the Nomination and Remuneration Committee (“NRC”) shall formulate the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel (“KMP”) and other employees.

Objective

The Remuneration Policy of Continental Seeds and Chemical Limited (the “Company”) is designed to attract, motivate, improve productivity and retain manpower, by creating a congenial work environment, encouraging initiatives, personal growth and team work, and inculcating a sense of belonging and involvement, besides offering appropriate remuneration packages and superannuation benefits. The Policy emphasize on promoting talent and to ensure long term sustainability of talented managerial persons and create competitive advantage. The policy reflects the Company’s objectives for good corporate governance as well as sustained long term value creation for shareholders.

The guiding principle is that the remuneration and the other terms of employment should effectively help in attracting and retaining committed and competent personnel. While designing remuneration packages, industry practices and cost of living are also taken into consideration.

Applicability

This Remuneration Policy applies to directors, senior management including its Key Managerial Personnel (KMP) and other employees of the Company.

Appointment criteria and qualifications

The NRC shall identify and ascertain the integrity, qualifications, expertise and experience of the person for appointment as Director, KMP or at senior management personnel and recommend to the Board his/her appointment. A person should possess adequate qualifications, expertise and experience for the position he/she is considered for appointment.

Directors

As per the Policy followed by the Company the non-executive directors are paid remuneration in the form of sitting fees for attending Board and Committee meetings as fixed by the Board of Directors from time to time subject to statutory provisions.

Remuneration of Whole Time Directors including Managing Director reflects the overall remuneration philosophy and guiding principle of the Company. When considering the Appointment and remuneration of Whole Time Directors, the NRC considers pay and employment conditions in the industry, merit and seniority of the person and the paying capacity of the Company.

The NRC while designing the remuneration package considers the level and composition of remuneration to be reasonable and sufficient to attract, retain and motivate the person to ensure the quality required to run the Company successfully.

The NRC while considering a remuneration package must ensure a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

तराई बीज

The term of office and remuneration of Whole Time Directors are subject to the approval of the Board of Directors, shareholders and the limits laid down under the Companies Act, 2013. Remuneration packages for Whole Time Directors are designed to remunerate them fairly and responsibly. The Whole Time Directors' remuneration comprises of salary, perquisites, allowances apart from retirement benefits like P.F., Superannuation, Gratuity, etc as per Rules of the Company.

The Whole Time Directors are entitled to customary non-monetary benefits such as company cars, furnished accommodation, health care benefits, leave travel, communication facilities, etc. Their terms of appointment also provide for severance payments.

Evaluation

The NRC shall carry out evaluation of performance of all directors in every year. The performance evaluation of independent directors shall be done by the entire Board of Directors, excluding the director being evaluated.

On the basis of the report of performance evaluation, it shall be determined whether to extend or continue the term of appointment of the independent director.

Further the Independent directors of the Company shall hold at least one meeting in a year, without the attendance of non-independent directors and members of management. The meeting shall:

- a) Review the performance of non-independent directors and the Board as a whole
- b) Review the performance of the Chairperson of the Company, taking into account the views of executive directors and non-executive directors.

Key Managerial Personnel and Senior Management

Remuneration of KMP and other senior management personnel is decided by the Managing Director.

Total remuneration comprises of:

1. A fixed base salary - set at a level aimed at attracting and retaining executives with professional and personal competence, showing good performance towards achieving Company goals.
2. Perquisites – in the form of house rent allowance/ accommodation, furnishing allowance, reimbursement of medical expenses, conveyance, telephone, leave travel, etc.
3. Retirement benefits - contribution to PF, superannuation, gratuity, etc as per Company Rules.
4. Variable payments - performance linked variable pay reflecting short and long term performance
5. Motivation /Reward - A performance appraisal is carried out annually and promotions/ increments/ rewards are decided by the Managing Director based on their annual performance.
6. Severance payments - in accordance with terms of employment, if any.

Other employees

The remuneration of other employees is fixed from time to time as per the guiding principles outlined above and considering industry standards and cost of living. In addition to basic salary they are also provided perquisites, allowances and retirement benefits as per schemes of the Company and statutory requirements, where applicable. Policy of motivation/ reward/ severance payments is applicable to this category of personnel as in the case of those in the management cadre.

Disclosure of information

INDEPENDENT AUDITOR'S REPORT

**TO THE MEMBERS OF
CONTINENTAL SEEDS AND CHEMICALS LIMITED
CIN: L01111DL1983PLC015969**

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the standalone financial statements of **CONTINENTAL SEEDS AND CHEMICALS LIMITED('the Company')**, which comprise the balance sheet as at 31st March 2020, and the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, except for the possible effects of the matter described in Basis for Qualified Opinion section of our report, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

- i. We are unable to observe physical inventories of Stock, Traded goods, finished goods due to COVID 19 and we are also unable to satisfy ourselves by alternative means concerning the inventories held at 31st March, 2020, however as explained by the management, physical verification of inventories has been conducted at regular intervals and no material discrepancies were observed.
- ii. Balance under Sundry Debtors and Sundry Creditors, loans and advances given by the Company and parties from whom unsecured loans have been taken are subject to confirmations and adjustments, if any, required upon such confirmations are not ascertainable and hence not provided for.
- iii. Certain balances of Sundry debtors to Rs. 4,47,67,106/- were outstanding as on 31/03/2020. The confirmations from the parties to whom these amount to be

received have not been made available. Out of such debtors, provision for doubtful debts should be recognized in respect of debtors, outstanding for a period of three years or more where no movement has taken place and no confirmations are available. Adjustments if any are not ascertainable and will be provided on identification of such parties.

- iv. The Company is in the violation of Section 185 of the Companies Act, 2013 as it has provided corporate guarantee along with property to Canara Bank on behalf of Natural Herbal & Seeds to the tune of Rs.21.00 Crore to obtain the credit facilities by the sister concern.
- v. The Company is in the violation of Section 188 and section 177 of the Companies Act, 2013 as it has not taken prior approvals of the company by the resolution for the necessary related transactions of exceeding the prescribed limit of 10% of total turnover. During the year company has entered into sales arrangement of Rs.60.31 Cr with related party and purchases of Rs.20.06 Cr which are exceeding 10% of total turnover of Rs.87.91 Cr

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for

one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current

period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1 As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2 As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our

opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations which would impact its financial position
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

“ANNEXURE B” TO THE INDEPENDENT AUDITORS’ REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act,2013(“ the Act “)

We have audited the internal financial controls over financial reporting of **Continental Seeds & Chemicals Limited** (“the Company”) as of March 31, 2020 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management`s Responsibility for Internal Financial Controls

The Company`s management is responsible for establishing and maintaining internal financial controls based on Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India .These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company`s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act,2013.

Auditors` Responsibility

Our responsibility is to express an opinion on the Company`s internal financial controls over the financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor`s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company`s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company`s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally

accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorities of management and directors of the company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of the internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of the changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

COMPANY OVERVIEW

Continental Seeds And Chemicals Limited (hereinafter refers to “The Company”) is a company limited by shares, having CIN L01111DL1983PLC015969 was incorporated in June 1983. The Company is basically engaged in the sale, purchase and cultivate of wheat, paddy, cereals, mentha oil and seeds of all kind. Equity shares of the company are listed and admitted on exchange on the SME Platform of NSE (‘NSE EMERGE’) w.e.f 03.04.2018.

NOTE NO.1: SIGNIFICANT ACCOUNTING POLICIES AS AT 31ST MARCH, 2020:**1.1(a) Basis of Preparation of Financial Statements**

These financial statements are prepared in accordance with Indian Accounting Standards (IndAS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act , 2013 (‘Act’) (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. Accounting policy has been consistently applied except where a newly issued accounting standard is initially adopted.

(b) Use of Estimates

In preparing the financial statements in conformity with Ind AS, management is required to make judgements, estimates and assumptions that may affect the reported amounts of assets and liabilities and the disclosure of contingent assets & liabilities as at the date of financial statements and the amounts of revenue and expenses during the reported period. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of facts and circumstances as at the date of the financial statement. Actual results could differ from those estimates. Estimates and underlying assumption are reviewed on an ongoing basis. Any revision to such estimates is recognised in the period the same is determined.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are not recognised in the financial statements. Contingent assets are neither recognized nor disclosed in the financial statements.

1.2 Valuation of Inventories**(i) Inventory**

Inventory is measured at the lower of cost or net realizable value.

Cost of inventory consumed is arrived at using the *FIRST IN FIRST OUT (FIFO)* method. The cost comprises the cost of obtaining the raw material after net of refundable duty (if any), but inclusive of freight and other direct expenses incurred to bringing such raw material to the place of processing or present location.

(ii) Finished Goods

Finished Goods are measured at the lower of cost or net realizable value.

Finished goods are valued on the full absorption cost basis and the cost comprises the cost of raw material consumed, Direct Expenses and appropriate overhead expenses incurred in bringing such finished goods to their present condition.

1.3 Cash Flow Statements

Cash flow are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

1.4 Revenue Recognition

Revenue is recognized when the significant risks and rewards of ownership of goods have been passed to the buyer and seller retains no effective control of goods transferred and also no significant uncertainty exist regarding consideration amount & its ultimate

collection. Revenue from operation includes sale of services, service tax and sales during trial run period adjusted for discounts (net) and gain/ loss on corresponding hedge contracts.

When goods or services are exchanged or swapped for goods or services which are of a similar nature and value, the exchange is not regarded as a transaction which generates revenue.

i. Other Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

1.5 Property, Plant and Equipment

Fixed Assets are stated at their original cost less accumulated depreciation and impairment loss, if any. Cost comprises the acquisition price, Taxes, Duties, Freight, insurance and any other incidental costs of bringing the assets to their working condition for their intended use. In respect of projects involving construction, related pre-operational expenses form part of the value of assets capitalized.

Costs/expenses incurred on or in relation to Tangible & Intangible Assets, which are not put to use or are not ready for their intended use or which are under construction are classified under Capital Work-in-Progress & Intangible assets under development.

Subsequent expenditures related to an item of fixed asset are added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation on property, plant and equipment is provided on 'Straight Line Method' based on useful life as prescribed under Schedule II of the Companies Act 2013. The residual values are not more than 5% of the original cost of the asset. The assets' residual

values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. The estimated useful lives of assets are as follows:

Building	60 years
Plant and Machinery	15 years
Office Equipment	5 years
Computer Equipment	3 years
Furniture and Fixture	10 years
Vehicles	8-10 years

Derecognition

The carrying amount of an item of property, plant and equipment is derecognised on disposal or when no future benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

1.6 Leases

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether : (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the

lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Transition

Effective April 01, 2019 the company has adopted Ind AS 116 “Leases” and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method. Accordingly, comparatives as at and for the year ended March 31, 2019 have not been retrospectively adjusted and therefore will continue to be reported under accounting policies included as part of our Annual Report for year ended March 31, 2019. The Company recorded the lease liability at present value of the lease payments discounted at incremental borrowing rate and measured right-of-use asset at an amount equal to the lease liability. On the date of initial application, the adoption of the new standard resulted in recognition of ‘Right-of-use’ of Rs.71.91 Lacs and a lease liability of Rs.71.91 Lacs.

The weightage average incremental borrowing rate applied to lease liabilities as at April 1, 2019 is 11.5%. Refer *additional note 2.5* for further information.

1.7 FINANCIAL INSTRUMENTS**(i) Initial recognition and measurement:**

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition nor issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added

to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

(i) Subsequent measurement

a. Non-derivative financial instruments

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables

maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

a. Share capital**Ordinary Shares**

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

1.8 Derecognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

1.9 Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

For financial assets and liabilities maturing within one year from the balance sheet date and which are not carried at fair value, the carrying amounts approximate fair value due to the short maturity of these instruments.

1.10 Impairment**a. Financial assets**

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime

ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

b. Non-financial assets**(i) Intangible assets and property, plant and equipment**

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

1.11 Employee Benefits

The company has various schemes of retirement benefits such as Gratuity, leave encashment.

- (i) **Short Term :-** Short term employee benefits are recognized in the year during which the services have been rendered.
- (ii) **Long Term :-**

Leave Encashment -The Company has provided for the liability at year end on account of accumulated earned leave as per policy of the company.

Gratuity - The Company provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan'), covering eligible employees. Gratuity liability is determined by the management.

1.12 Earning Per Share

Basic earning per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed to be converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

1.13 Taxation

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year. Tax benefits of deductions earned on exercise of employee share options in excess of compensation charged to income are credited to share premium.

1.14 Provisions, Contingent Liabilities and Contingent Assets

a. Provisions:

A provision is recognized when the company has a present obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions are not discounted to their present value and are recognized based on best estimates required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best efforts.

b. Contingent Liability

Contingent liability is disclosed for

- (i) Possible obligation which will be confirmed only by future events not wholly within the control of the company or

(ii) Present obligation arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

2.14 Global Health Pandemic from COVID-19

The World Health Organization declared a global pandemic of the Novel Coronavirus disease (COVID-19) on February 11, 2020. In enforcing social distancing to contain the spread of the disease, Company offices and factory and warehouses etc. have been operating with minimal or no staff for extended periods of time. To effectively respond to and manage our operations through this crisis, the Company triggered its business continuity management program, chaired by the Managing Director. In keeping with its employee-safetyfirst approach, the Company quickly instituted measures to trace all employees and be assured of their well-being. Our teams reacted with speed and efficiency, and quickly leveraged technology to shift the workforce to an entirely new 'work-from-home' model. The Company would implement a phased and safe return-to-work plan as and when lockdown restrictions are relaxed. The Company's focus on liquidity, supported by a strong balance sheet and acceleration in cost optimization initiatives, would help in navigating any near-term challenges in the demand environment.

2.15 Issue of Bonus Share

During the financial year 2019-20 the Company has issued 4001123 equity shares by utilizing free reserves. However the Company has shown issuance of said shares by utilizing capital reserves in the resolution. The management has informed us that it is the clerical error.

2.16 Contingent Liabilities**Bank Guarantee**

The Company is in the violation of Section 185 of the Companies Act, 2013 as it has provided corporate guarantee along with property to Canara Bank on behalf of Natural Herbal & Seeds to the tune of Rs.21.00 Crore to obtain the credit facilities by the sister concern.

2.17 Acceptance of Deposit

The Company is in violation of Section 73 of the Companies Act, 2013 read together with the Companies (Acceptances of Deposits) Rules, 2014 as it has taken advances from customers amounting to Rs. 39.00 lacs having outstanding balances of more than 365 days. In terms of Rule 2(1) (xii)(a) such advances are liable to be treated as deposits reads together with section 73 of the Companies Act, 2013 hence the Company is in violation of same.
